

Weekend Getaway to Mayanja

DAY 1

Your driver/guide will pick you up at your accommodation/residence, at a time arranged with you, preferably before 3pm. You will be in a 4x4 Safari Vehicle, with drinks available to you. The drive up to Ngoma will take about 4 hours. After that, with an additional hour or so on dirt roads passing through this bushy rural Uganda you will reach Mayanja River Lodge in time to freshen up and have dinner.

DAY 2

Morning

For the early birds, your Saturday morning will start at 6:00am. With a short walk/drive to the perfect little spot, you'll get to see the pretty pink sunrise and enjoy a yummy scrumptious bush breakfast. After, our field guide will take you on a 2-3hour nature walk where you'll get to hear and see birds and other wildlife.

If you wish to sleep in a little more, you can start the nature walk from the lodge around 8:00am and have a little mid-morning tea break in the bush! Either way you will be back at the lodge in time to avoid the hot hours out in the bush.

Lunch at the lodge is normally served between 12:30-13:30. After lunch, you'll have a chance to relax at the lodge.

Afternoon

In the afternoon, the sitatunga spotting game is on! We will take you to one of our 33 different cerebetis, either by car, on foot or by boat. This will depend on how tall the reeds are and how close or far the best cerebeti for sitatunga viewing is. Up on the platform you will be ideally positioned to see other antelopes as well as the birdlife of the area. We will set up the platforms for your comfort with little cushions, bird books and drinks.

It will be a truly unique experience to see one of these elusive antelopes, as it is practically impossible to see them anywhere else in Africa. The cerebetis also provide for a private experience, as it will be only you up there.

In the evening we will treat you to a BBQ by our fireplace, next to the riverside.

DAY 3

Morning

After a full English or continental breakfast at the lodge, you will head to the Mayanja River for a canoe cruise with one of our field guides. This is perfect for the birdwatchers amongst you. The canoe cruise along the river will last between 3-4 hours.

Depending on the time that you take off for the river and when you're back, there could be time for a visit to one of the local cattle farms nearby. The farmers will give you a tour of their farm and our guide will help and act as an interpreter, if need be.

Afternoon

After having lunch, you will head back towards Kampala, where your driver/guide will drop you off at your accommodation/residence.

If you are interested in this package, please e-mail us to enquire about the cost, terms & conditions: info@uganda-wildlife-photographic-safaris.com
